

JAY GO Cushion Price List

July 2017

Skin Protection Wheelchair Cushion
Skin Protection Wheelchair Cushion 22" and over in width

How to Order:

Part #	JAY GO Cushions	Price
<input type="checkbox"/> JGO1818	JAY GO Cushion 18" x 18"	\$271

Each JAY GO part number is simply based upon the size you are ordering. You may also reference the size matrix on page 1 of this price list.

Part # Example

JAY GO Cushion Cover

The JAY GO cover is designed using dartex™ fabric which is known to be both stretchable and water resistant. This cover's sizing and sewing pattern is designed to reduce shear and peak pressure buildup. The material itself provides stretch which is an uncommon property in most incontinent products.

Figure A

Please visit www.dartexcoatings.com for additional information on the use of dartex coatings

JAY GO Cushion Foam

The JAY GO foam base is designed to contain an accommodating seating surface in a thicker, softer dual layered foam base. The optimal combination of two different foam densities provides skin protection.

JAY GO Cushion Sealed Zipper

The JAY GO zipper and cover provide protection to the foam base against odor because the location is low and away from fluid. The water resistant material, combined with the Aquaguard™ zipper and anti wicking thread provides a thorough protection system for a cushion base.

Optimized Aquaguard Zipper location

The JAY GO Cushion is an excellent compliment to the JAY GO Back .

Please see the **JAY GO Back** order form (part # 119284) for additional information.

Each JAY GO cushion includes an outer cover, dual layered foam base, plastic bag with label and owner's manual
