	SEDEO® PRO ADVANCED™	SEDEO® PRO™	SEDEO® LITE™	CAPTAIN SEAT
	A highly specialized and technical seating system, the SEDEO PRO ADVANCED allows for precision fitting for complex clinical needs. Biometric Repositioning and a full range of programmable seating positions make SEDEO PRO ADVANCED the best ergonomic seating from QUICKIE.	Truly modular in design, the SEDEO PRO seating system provides a new level of function, comfort and design. For moderate to complex clinical needs, the SEDEO PRO combines a highly adjustable seat frame with an excellent selection of postural support options.	The SEDEO LITE is an adjustable seat frame with a sleek look. Its minimal design alleviates weight capacity concerns when using aftermarket equipment. Traditional back canes are width-adjustable from 15" to 20" and easily fit JAY® backs. An array of options cover mild to moderate clinical needs, and intuitive adjustability meets individual requirements.	Designed for comfort and convenience, the Captain Seat adjusts in seat depth, legrest placement, and armrest width. The convertible seat pan allows alternate cushion selection, and the backrest has both semi-recline and fold-down capability.

ELEVATE AND DRIVE WITH C-ME® AVAILABLE ON SEDEO PRO ADVANCED, SEDEO PRO, AND SEDEO LITE

No more waiting around or driving at reduced speed when elevated. C-Me enables you to elevate up to 12" while traveling up to 3 mph! You can lift or descend at the touch of a button with no need to stop while transitioning. Just rise-up and go at the same time!
